Poncha Boulevard Street Closure East of Holman Avenue

Salida, Colorado — The first phase of Poncha Boulevard improvements from Crestone Avenue to Grant Street are now open to the traffic. The next phase will require a closure from Grant Street to Holman Avenue which will begin this week. The detours for this route will require preplanning. The detour for northbound Holman Avenue accessing this section of Poncha Boulevard would be different than entering town off Airport Road or County Road 120. Access onto this section of Poncha Boulevard will be maintained for local traffic only.

As the work progresses, work at the Holman Avenue intersection is expected to occur in 2024. This work may require a change in detour at that time. We look forward to improving our City streetscapes with the completion of this project and appreciate your patience while the work is underway.

Additional information related to the project can be found on the City website at:
