Notes

(1) All fixed fees are multiplied by the number of such units associated with each account.

(2) Includes mixed-use developments in a single building where 50% or more of the ground floor is used for commercial, personal

(3) Also applies to single-ownership, single-lot rental projects of 3 units or more. The required size of the commercial meter will be determined via the size calculation sheet provided by the City of Salida and verified by the project engineer. The development must meet a minimum of 50% of the maximum allowed density for the lot, and individual units may not exceed 1200 SF, excluding garage space. Should any individual unit within said development convert to a unique owner in the future (via condominiumization, subdivision, etc.), the applicant will be responsible for paying the difference between the paid system development fees (SDFs), as a portion of the total number of units, and the SDFs for the non-rental unit applicable at the time of conversion.
