## **RiverWalk Improvements**

*Salida, CO*– Public Notice –

The Salida Public Works and Parks and Recreation Departments will be initiating improvements under the F Street bridge and adjacent to the Riverwalk in the vicinity of the bridge. These improvements will enhance the stormwater management by filtering sediment and rerouting flow to reduce sediment and ice build-up under the bridge.

The City anticipates that the majority of the work will be done from February until mid March. During this time there will be temporary detouring of pedestrian facilities.

For park related questions, please contact Parks and Recreation at 719-539-6738. For any street related questions, please contact Public Works at 719-539-6257.
