

US 50 & CO 291 Salida ADA Curb Ramp Improvements

PROJECT OVERVIEW

The Colorado Department of Transportation will begin construction to upgrade curb ramps and sidewalks at various locations along US 50 and CO 291 in Salida. The project will ensure that current federal standards, with the Americans with Disabilities Act, are met and maintained for enhanced accessibility and pedestrian safety.

This project will improve curb ramps, sections of adjacent sidewalks, curbs, and gutter systems. Work will take place on US 50 from MP 220.48 to 223.40 and CO 291 from MP 0.0 to 2.24. This project will enhance pedestrian and road safety.

TRAFFIC IMPACTS

- Daytime work hours Monday-Saturday, March through August 2021.
- Pedestrians will encounter sidewalk closures guided by flagging personnel.
- Minimal traffic delays are anticipated. Drivers will experience periodic shoulder closures and single-lane closures. The speed limit will be reduced to 40 mph within the work zone on US 50 and will be strictly enforced. Traffic fines will be doubled in the work zone.
- Motorists should slow down, drive with caution and give themselves extra travel time.
